

4th "Valle Raio" Bike Meeting

L'Aquila - Italy- July 16-17, 2011 Installment number four for that event organized by "Motociclisti Aquilani" MC.

The VMOA, Italy, did not miss this event and we had the opportunity to spend two fantastic days of fun inside the wonderful scenic vistas of the L'Aquila mountains.

We call the "Motociclisti Aquilani" MC friends. Their event organization was perfect. The hard work to prepare the meeting-headquarters was not done in vain! Nothing was missed... eating, drinking, music live show & girls!

We are particularly pleased to remember that this event is a special moment for all of us to spend time with our friends, to share emotions and sensations, to give our hug and little support to them who are still living, unfortunately, the signs of the devastating earthquake of 2009.

I thank all those who were present and that allowed us to live happy two days!

2nd "Mari & Monti" Bike Meeting

Carrara - Italy - September 16-18, 2011
 Fantastic second edition of the VMOA Italy event at Paolo and Lia "home" in Carrara - Tuscany. Once again they have enabled us, thanks to their good organization, to spend two days with friends sharing our passions. The weather was good until Sunday morning but every moment is still impressed in my mind:

On Friday the trip with Mirko (aka LupoVmax) and Gianni (aka Whats) and the "super barbecue" evening party at Paolo and Lia home garden (a meal to be remembered...).

On Saturday with the rest of all our friends the wonderful bike tour, in the morning and in the afternoon, (visiting the lovely place of "Porto Venere").

I think that everyone can enjoy the atmosphere that shines through the photos, all the feelings that we experienced and we remember now make us want to relive those moments as soon as possible.

Thanks to all... see you at the next!
